HR ATTRITION DASHBOARD

A demographic report summarizes employee statistics, including age group, gender, distance from home and marital status, providing insights into workforce diversity and commuting patterns for informed decision making.

The turnover analysis I report provides insights into employee attrition, including departures by department, job roles affected, business travel impact, and total year in the current role, aiding in workforce management and retention strategies.

A turnover analysis report consolidates employee data, featuring attrition by job level, overtime performance ratings, monthly income, and attrition increase levels, offering critical insights for effective HR strategies and decision making.

Employee wellness includes activities and programs that aim to improve employee health and well-being. Prioritizing employee well-being is the main way an employer can help employees manage stress, build relationships, improve productivity.
